Pay traffic fines online

Nov 29 2006 Iulian Enache | 0 comments

Rating: 1 votes

Counter virtual payment was released yesterday, but now you can pay the fines just for Bucharest.

After long delays, the Ministry of Communications and Information Technology (MCIT) last Ghiseul launched virtual payments, in partnership with DotCommerce Romania. "The portal is intended to be the interface for access of natural persons and legal institutions by the public administration by providing a quick way to pay debts to the state", shown in a communique of DotCommerce.

In other words, by Ghiseul virtual citizens will be able to pay fees online fees, or fines, to stay with the tails or move.

Advertising

Using this method of paying taxes online is conditioned only an Internet connection, possession of an e-mail addresses and a credit card that allows payment in the electronic environment. Counter part in each institution will be managed and maintained by the institution, but they will be found grouped within the portal www.ghiseul.ro.

Follow and other services

Yesterday portal work, but currently is not available until the payment of fines for traffic in Bucharest, other institutions urmind to be present at the site soon, DotCommerce support. The payment Ghiseul virtual payment accept any credit card and debit issued under the logos of international organizations Visa, MasterCard and Amex. Issuing banks are allowed Alpha Bank, BCR, Ion Tiriac, BRD, Banca Romaneasca, Transilvania Bank, HVB Bank, Raiffeisen and Romexterra.

In the future, will be available and services such as fees for issuance of passport or other taxes.

The project had launched at the beginning of this year, but when was the amines because authorities do not hotarisera in time who will pay the commission for payment by credit card. Dilemma was who support the commission: the one who pays the fine or the beneficiary of amounts received, Bucharest City Hall.

What to do

To use Ghiseul virtual must pay to open an account valid, free inside the system. The data supplied must be real, because they underpin all payments and proof of payment later. Atit data provided, as well as transactions are perfectly safe, secure MCIT.

After completing the registration form, following an e-mail confirmation, which currently have an active account in the Ghiseului virtual payments. After selecting the services available (having in view that there is now only one) will be to create a separate account on the application of Police Brigade Road Bucharest. Urmind steps required by the application, enter the fine to be paid, the particulars of the fine, then you will be redirected to the application Ghiseului, where you can see fine and you can pay itself, if the data are correct.

Statements fiscal year

Companies in Bucharest and Ilfov could submit tax returns via the Internet, from 1 January 2007, by extending the system currently available only to big contributors, said yesterday Robert Hofnar, director of the National Agency for Fiscal Administration (swirl). For lodging declarations through the Internet will be required to record digital certificate, which can be obtained by the legal representative of the firm, based on a request accompanied by certain documents.
